September 7, 2011

Dear Parents:

My name is David Kelly and I am a senior Elementary Education major at Claflin University in Orangeburg, South Carolina. This letter is to inform you that I will be student teaching in your child's classroom this semester. I will be working with Mrs. Williams in an attempt to develop and implement various instructional strategies to make sure that your child has the best possible chance at success in this class. From this experience, I hope to gain useful knowledge and practice to become an effective educator at the elementary school level.

Sincerely,

*David Kelly*

MISTER David Kelly
